

ATTENTION RESIDENTS

Effective Monday, April 22, 2019

In an effort to eliminate trespassers who park here to use the train, security will be monitoring parking during daytime hours. Security will stop those vehicles entering the parking lots which do not display a Natick Village parking permit.

Please be certain that your vehicle displays a current Natick Village permit. If you are expecting a guest who will be parked here between the hours of 7:00 AM and 6:00 PM, contact the management office at 508-655-0400 to register your guest's vehicle. Security will check the guest parking list before towing.

Thank you for your cooperation.
